Subject: Portland Harbor RI Section 1

Jim and Bob – In reviewing comments the LWG had on Section 1 of the FS, it became apparent that there is an inconsistency in the RI. In Section 1, please make the following edit:

The ~~growing city's untreated sewage, as well as~~ process water from a variety of industries, including slaughterhouses, chemical plants, electroplaters, paper mills, and food processors, was discharged directly into the river.

Thanks,
